**INTEROFFICE MEMORANDUM**

---

---

**TO:** Pam Cotter, Acting Administrator, Division of Planning  
**FROM:** Linsey Callaghan, Assistant Chief, Division of Statewide Planning  
**SUBJECT:** Approval of FFY 2018-2027 STIP – Administrative Adjustment - Amendment #9  
**DATE:** November 16, 2018

The Rhode Island Department of Administration, Division of Statewide Planning has received the Rhode Island Department of Transportation's (RIDOT) request of November 14, 2018 – Request for Administrative Adjustment to the FFY2018-2027 State Transportation Improvement Program (STIP). All changes are proposed within the Bridge Capital Program. The following summarizes the changes proposed by RIDOT:

- Funding is being moved from Bridge Groups 51A, 18B, and 23, into Immediate Action to accommodate the acceleration of work on the following bridges:
  - Lafayette RR Bridge (STIP ID # 6246, Bridge #024301)
  - Collingwood RR Bridge (STIP ID # 6740, Bridge #077201)
  - Coronado Rd Bridge (STIP ID # 6648, Bridge #083401)
  - Gorton RR Bridge (STIP ID # 6745, Bridge #084101)
- Browning Mill Bridge is now planned for FFY 2019 and FFY2020. Work on Browning Mill Culvert will be included in the work and overall will constitute Bridge Group 57J. To accommodate the work, two bridges are being reassigned from Bridge Group 15, including Standard Oil Co. Bridge (STIP ID # 6143, Bridge #0158021) and River Road Bridge (STIP ID # 6138, Bridge #021401).
- Work on Mohegan Bridge (STIP ID # 6018, Bridge #067301) will be accelerated for FFY2019 as new Bridge Group 43A. To accommodate this change, funding will be shifted from Bridge Group 39 with work now beginning in FFY2020 rather than FFY2019.

I have reviewed RIDOT's request against the 2003 Memorandum of Understanding (MOU) regarding procedures to amend and modify the STIP. I find that this request constitutes an Administrative Adjustment under the MOU and is hereby approved.

The documentation submitted indicates that fiscal constraint of the STIP will be maintained. For record keeping purposes, please note that this Administrative Adjustment shall be referred to as approved Amendment #9 to the FFY2018-2027 STIP. Revised STIP tables incorporating the modifications are enclosed.

STATE OF RHODE ISLAND AND PROVIDENCE PLANTATIONS

Interoffice Memorandum

**To:** Meredith E. Brady  
Associate Director, DOA Division of Planning

**From:** Pamela R. Cotter *PRC*  
Acting Administrator, RIDOT Division of Planning

**Date:** November 14, 2018

**Subject:** **Revised Request for Administrative Adjustment to the FFY2018-FFY2027 TIP**

RIDOT is requesting three changes to the FFY2018-FFY2027 TIP, all related to moving various bridge projects within the existing TIP. The three Administrative Adjustment actions are summarized below:

**Funding Statewide Bridge Repairs Contract #4**

Recent bridge inspection reports have indicated that the following four bridges must be repaired as soon as possible:

- TIP ID 6246, Bridge #024301, Lafayette RR Bridge (Currently in Group 18B)
- TIP ID 6740, Bridge #077201, Collingwood RR Bridge (Currently in Group 23)
- TIP ID 6648, Bridge #083401, Coronado RR Bridge (Currently in Group 23)
- TIP ID 6745, Bridge #084101, Gorton RR NB Bridge (Currently in Group 23)

As such, it is necessary to remove the above bridges and associated funding sources from their current bridge groups into Immediate Action. To fund the repair of these bridges as soon as possible, funding must be moved from Group 51A, Group 18B and Group 23. The four bridges moving into Immediate Action are being funded as follows:

- \$3.00M from Bridge Group 51A in FFY2019
- \$2.30M from Bridge Group 18B in FFY2020 and FFY2021
- \$1.72M from Bridge Group 23 in FFY2020, FFY2021, and FFY2022

All in all, **\$7.02 M** will move between groups with a **total net change of \$0**.

**Funding Browning Mill Bridge**

Browning Mill Bridge (Bridge Group 57J) is an Historic Bridge in need of extensive rehabilitation. Due to historic and permitting issues, the project's schedule has had to be shifted so that the project will now advertise in FFY 2019 and achieve substantial completion in FFY2020. To date approximately \$370,000 has been spent, of which \$50,000 came from STBG funding. The remaining funding shown in FFY2018—a combination of RICAP and STBG funding—was not spent, and therefore, may be removed from the Bridge Group in FFY2018 as shown in the table "New Project 4" in tab two of the attached spreadsheet.

The remaining cost of the project which will include work on the Browning Mill Culvert (Bridge Group 25A) will be approximately **\$1.5M**.

To service this cost, **\$600,000** will be moved from Bridge Group 15A into Bridge Group 57J in FFY2020 in the form of **\$470,000** in STBG funding and **\$130,000** in RICAP funding.

Included in this action, two bridges will also be moved:

- Standard Oil Co. Bridge (TIPID 6143, Bridge #015801) will be removed from Bridge Group 15A and will no longer be a part of RIDOT's current 10-Year Plan;
- River Road Bridge (TIPID 6138, Bridge #021401) will be removed from Bridge Group 15A and into Bridge Group 44.

These changes are included in this action because Bridge Group 15A is being altered to pay for Bridge Group 57J. The removal of those two bridges from Bridge Group 15A needs to happen anyway, so all of the changes to Bridge Group 15A are being shown in one place in tab two of the attached spreadsheet.

All in all, \$600,000 will move between groups, while \$1.36M will be removed from Bridge Group 57J in FFY2018. As a result, the **total net change of this action is -\$1.36M**.

#### **Moving Mohegan Bridge into its own Group**

Mohegan Bridge (TIPID 6018) is currently listed in Bridge Group 43 with funding available in FFY 2025-2027. It has been determined that this Bridge should be accelerated as a single bridge in its own newly created Bridge Group 43A. Funding will move along with the Bridge in the amount of **\$7.00M**.

In order to retain a zero balance of the program in the restrained years, funding will also be shifting in Bridge Group 39. This move allows the project to be advertised in FFY2020 rather than FFY2019 and it creates a gap in funding to help support the introduction of Bridge Group 43A in the constrained period.

All in all, \$7.00M will move between groups with a **total net change of \$0**.

---

We have attached three Excel tables with the above described changes in table format, including any description changes needed and narrative explaining the changes, TIP IDs, sources and years of funding, etc. We have updated our table format to include all of the funding sources, as they appear in the STIP Access Database. The consistency of that syntax should ease the process through which the information in the existing database is reconciled with the new information updated by each adjustment or amendment. The right side of each sheet—each entry labeled “New Project [Number]”—now reflects the recommended funding for each project being altered, effectively displaying the funding as it should appear in the STIP following the adoption of each new adjustment or amendment.

If you have any concerns, please let us know. Any rounding errors (third decimal place or greater) may be resolved in whatever way is easiest to accommodate in the database. We have again managed to maintain fiscal constraint and are willing to work together with your office to help with a quick approval process. Please reach out to Ken White or to Mike Gannon with any specific questions or concerns regarding the adjustment.
