Subject: Rhode Island FY18-27 STIP Amendment #27 Approval

Dear Governor Raimondo:

The Federal Highway Administration (FHWA) has completed our review of the Fiscal Year 2018-2027 State Transportation Improvement Program (STIP) Minor Amendment #27 transmitted by your office on June 3, 2020. The Minor Amendment has been requested by the Rhode Island Department of Transportation and proposes a reduction of \$27.006 million over the STIP's constrained period (FFY2018 – FFY2027) and an addition of \$13.413 million over the STIP's 10 years. The amendment proposes 62 project changes to 4 programs: 36 project changes in the Bridge Capital Program, 9 in the Pavement Capital Program, 2 in the Traffic Maintenance Program, and 15 in the Traffic Safety Capital Program.

As part of its transportation planning process, the State of Rhode Island successfully completed the transportation conformity process for the Federal Fiscal Year 2018-2027 State Transportation Improvement Program (STIP) and has documented that the FFY 2018-2027 STIP meets the federal transportation conformity requirements in 40 CFR Part 93. Minor Amendment #27 does not require conformity analysis because it does not add or decrease capacity. Furthermore, we are making the following determinations:

1. The-projects in the STIP are based on a planning process that substantially meets the requirements of Title 23 U.S.C. 134 and 135, 49 U.S.C. Section 5303-5305, and 23 C.F.R. 450 Subparts A, B, and C.
2. The component TIP is based on a continuing, comprehensive transportation planning process carried on cooperatively with the State, the MPO, and the transit operators in accordance with the provisions of 23 U.S.C. 134 and 49 U.S.C. 5303.
3. The changes called for in this STIP amendment maintain financial constraint as required under 23 CFR 450.218.

FHWA has determined that the STIP, as revised, substantially meets all the requirements and is hereby approved. If you have any questions, please send them to Randy Warden (401-528-4031 /randy.warden@dot.gov) and Jamik Alexander (401-330-5229/jamik.alexander@dot.gov).

Sincerely,

Carlos C. Machado

Interoffice Memorandum

TO: Meredith E. Brady
Associate Director, DOA Division of Planning

FROM: Thomas J. Queenan 
Administrator, RIDOT Division of Planning

DATE: May 13, 2020

SUBJECT: Request for Minor Amendment to the FFY2018-2027 STIP

The purpose of this memorandum is to summarize the proposed Minor Amendment to the FFY2018 – FFY2027 TIP. The net result of the actions described herein is a reduction of \$27.006M over the constrained period (FFY2018 – FFY2021) and a total addition of \$13.413M over 10 years.

The proposed changes to the TIP are comprised of 62 unique actions: 36 in the Bridge Capital Program, 9 in the Pavement Capital Program, 2 in the Traffic Maintenance Program, and 15 in the Traffic Safety Capital Program.

The changes are being made at this time to relieve some financial pressure in the short term as a result of COVID-19’s anticipated impact on state funding sources, which in turn impact’s RIDOT’s ability to utilize federal funding. As a result, several bridge projects have been delayed from the constrained period to the outyears.

A summary of the funding use changes by program during the constrained period (FFY18-21) can be found below.
