

Section 3: RIDOT and RIPTA Project Tables

STIP Project Tables

The Project Tables section includes all of the projects in the FFY 2022-2031 State Transportation Improvement Program (STIP). The project listings are grouped according to agency administering funding, which is either the Rhode Island Department of Transportation (RIDOT) or the Rhode Island Public Transit Authority (RIPTA). The projects are further grouped according to STIP Program, i.e. Bridge Program, Pavement Program, Active Transportation Program, etc.

Each project listing contains a unique STIP ID number and project name. The project listing also contains responsible agency, total project cost, cost by federal fiscal year, phase of work (design, construction, other), funding sources, the municipalities in which the project is located, and project tracking system ID (PTSID) if available. For line items which support the construction of physical assets, the type, ID, and name of each asset is listed, along with the facility it carries, its municipality, and the treatment it requires. Costs are shown in millions of dollars and are rounded to the nearest hundredth with three decimal places (0.000). Also included is a brief project description and the project’s vulnerability to sea level rise (yes or no).

Note that all projects within the formal first four years of the STIP (FFY 2022–2025) are within the constrained program for which funding sources are reasonably expected to be available. In addition, the state has developed a 10-year (FFY 2022-2031) programming horizon for projects in order to provide more realistic expectations and timeframes in which to expect advancement of STIP projects. Many projects that have phases within the first four years (FFY 2022–2025) also have phases (such as Construction) that may be planned for the Outyears between FFY 2026 and 2031. This 10-year programming horizon is illustrated in the FFY 2022-2031 STIP Project Tables.

STIP Online Mapping Application

In addition to the STIP Project Tables, the STIP's program of capital projects can be viewed on the online [Rhode Island STIP Mapping Application](#). The mapping application displays the location of all mappable STIP projects. Different project types, such as intersection improvements, bridge replacements, or new bicycle facilities, are shown by using various colors and symbols in the STIP Mapping Applications. Certain types of projects, such as roadway landscaping, lease payments for the use of railroad tracks, reserve line items, or statewide line items, are not mapped.

The STIP Mapping Application contains a “search by address or location” function that can zoom down to a specific address or up to the municipal level for a listing of projects within that municipality.

STIP ID: 9005 PTS ID: TBD Project Name: East Main Road Shared Use Path - Phase 2 - Turnpike Ave. to Union St. and Sandy Point Ave. to Enter

Municipality		Description										Responsible Agency
Middletown, Portsmouth		This project will create a shared-use path for pedestrians and bicyclists within the East Main Road (RI-138) corridor, from Turnpike Avenue to Union St and Sandy Point Ave to Enterprise Center, including signal improvements to intersections of Union St and Sandy Point Ave at East Main Road. The segment of RI-138 between Union Street and Sandy Point Avenue will be improved in Phase 1, TIPID 9004. This project may require additional funding beyond 2031.										RIDOT

RIDOT Bridge Program

STIP ID: 3179 PTS ID: 2607M Project Name: Bridge Group 13D -- Route 146 C-3

Municipality		Description										Responsible Agency
Lincoln, North Providence, Providence		This project includes total replacement of the Wanskuck (#042801) and Admiral Street (#043001) bridges. Major rehab of the Cobble Hill Road Bridge (#041801) was previously included in Bridge Group 47C. At the merge of RI-146S and I-95S, a new collector-distributor road will be constructed linking traffic from RI-146S and I-95S directly to the US-6/RI-10 off-ramp, eliminating a conflicting weave that generates frequent congestion. RIDOT Corridor Projects Program

STIP ID: 3180 **PTS ID: 2601M** **Project Name: Corridor - Hope**

Municipality		Description										Responsible Agency
Coventry, Scituate		This project includes repairs to bridge #256 and RI-116 from RI-12 to Clarke Road. Bridge #256 requires minor rehabilitation, including structural repairs to one or more deck or superstructure components. RI-116, North Road, will be reconstructed from Clarke Rd. to Blossom Ln. Additional resurfacing will be done from Oak Way to Clarke Rd., and Blossom Ln. to RI-12. A small section of RI-12 Scituate Avenue and Old Scituate Avenue may also be included.										RIDOT

RIDOT Maintenance Operations Program												
STIP ID: 12120		PTS ID: 2605T		Project Name: Refurbishment and Expansion of CMS and Hybrid Travel Time Network								
Municipality		Description										Responsible Agency
Admin / Statewide		Replacing 95 NB/SB Cowesett CMS in Y1, and remaining 5 overhead CMS in Y2/Y3 to provide useful traveler information and congestion mitigation. Deploying new arterial CMS to support arterial management and evac planning, phasing out HARs. Initial roll out of 10-15 hybrid travel time signs to provide multiple destination times, and alt route travel times to assist motorists in avoiding congestion.										RIDOT

RIDOT Major Capital Projects Program

STIP ID: 3153 PTS ID: 0018B Project Name: Bridge Group 75T 5B (I)--Providence Viaduct Northbound

Municipality		Description										Responsible Agency
Providence		This project will replace the 1,295-foot long northbound section of the Providence Viaduct Bridge which carries I-95 over numerous local roads and highway ramps, Amtrak's Northeast Corridor and the Woonasquatucket River. Construction of a new collector-distributor (C-D) road along the right side of the Interstate will eliminate the weaving conflicts and congestion that plague the segment of I-95 Northbound from the 6/10 Connector and Downtown on-ramps to the Route 146/State Offices interchange. Ramps will also be reconfigured to disentangle conflicting movements, improving motorist safety.										RIDOT

RIDOT Study and Development Program

STIP ID: 3399 PTS ID: TBD Project Name: RI-138 Mooresfield Rd. C-3 (RI-108 Kingstown Rd. to Broad Rock Rd.)

Municipality		Description										Responsible Agency
South Kingstown		This line item will review the possibility of creating a third phase to the resurfacing of RI-138 in South Kingstown. Phases 1 and 2 are covered by TIPIDs 1397 and 1399. The study section, from RI-108 Kingstown Rd. to Broad Rock Rd., would involve resurfacing of the roadway and improvements to drainage structures. This line item will study the possibility of realigning the intersection of Broad Rock and Stony Fort Rd. at RI-138 in order to make safety improvements.										RIDOT

RIDOT Traffic Safety Program

STIP ID: 5475 **PTS ID: 2604N** **Project Name: High Risk Rural Roads (HRRR)**

Municipality		Description										Responsible Agency
Cranston, Exeter, Foster		This project will consist of roadway departure countermeasures such as striping, signing, rumble strips, high friction surface treatments, and guardrail. Resurfacing/regrading may be required at the Route 10 South/Garfield Road exit ramp. Traffic signal improvements includes a new traffic signal system at the Route 3/165 intersection and a RRFB at the midblock pedestrian crossings along Route 165 near the CT State Border. RIDOT Traffic Safety Program												
STIP ID: 7516		PTS ID: TBD		Project Name: Crash Contract								
Municipality		Description										Responsible Agency
Admin / Statewide		This line item provides funding to support the Statewide Crash System, a web application server and database which allows RIDOT personnel access to the State's crash data. Pursuant to RI General Law, RIDOT serves as the crash data repository agency for electronic crash reports by law enforcement agencies statewide. This contract also supports the Highway Safety Plan by providing crash data for analysis and assists with the development of annual HSP and HSIP reporting for FHWA.										RIDOT
