## BACKGROUND

### Purpose of this Report

The purpose of this report is to document the list of transportation projects in Rhode Island that have been obligated federal funds in Federal Fiscal Year (FFY) 2024. The list is intended to be comprehensive and in accordance with federal statute.

### Federal Requirements

The federal metropolitan transportation planning statute 23 CFR 450.334 states that the State, public transportation operator(s), and the Metropolitan Planning Organization (MPO) shall cooperatively develop a listing of projects for which funds under 23 U.S.C or 49 U.S.C Chapter 53 were obligated in the preceding program year. This listing of obligated funds for projects must be developed on an annual basis and no later than 90 calendar days following the end of the federal fiscal year on September 30th.

The Federal Highway Administration (FHWA) defines obligation as the federal government's legal commitment (promise) to pay or reimburse the State, or other entities, for the federal share of a project's eligible costs. Thus, an obligated project is one that has been approved by the federal government for reimbursement, though not necessarily reimbursed yet. For FHWA projects, an obligation takes place when a project agreement is executed and the State/grantee requests that the funds be obligated. The obligated project costs reflected in the Obligation Report often do not equal final project costs, rather it is the amount of federal (not including state or other private/local) funds that were obligated during this past federal fiscal year (October 1, 2023 - September 30, 2024).

This obligation report differs from the State Transportation Improvement Program (STIP) in that funds in the STIP are a project's anticipated federal expenditure rather than what has been obligated. The Obligation Report provides the follow up layer of transparency to the STIP in the use of federal transportation funds in the State of Rhode Island.

In Rhode Island, the Division of Statewide Planning, as the MPO, is responsible for preparing the list of federally obligated funds. The Obligation Report documents federal funds obligated by the Rhode Island Department of Transportation (RIDOT) and the Rhode Island Public Transit Authority (RIPTA). A number of projects listed

in the Obligation Report reference multi-year projects that originate from prior year STIPs. Funds obligated from these prior year STIPs are for projects that still have open contracts that have not been closed out. Projects that have negative obligation balances (red text) indicate that funding has been deobligated. This could be the result of projects being completed (or closed out) and less federal funding utilized than was anticipated in the STIP. In most cases, the balance of these funds have already been applied to other projects in Rhode Island.

### MPO Overview

The State Planning Council is designated as the MPO for the State of Rhode Island by section 42-11-10 of the General Laws of Rhode Island entitled, "Statewide Planning Program." The MPO includes membership from state agencies, local government, the transit operator, and the general public. The MPO is staffed by the Division of Statewide Planning, a unit of state government within the Department of Administration. Rule Five of the State Planning Council's Rules and Standards specifically addresses the MPO and Transportation Planning.

### Overview of the State Transportation Improvement Program (STIP)

The State Transportation Improvement Program (STIP) is a list of transportation projects the State of Rhode Island intends to implement using United States Department of Transportation funds. For a transportation project to utilize federal funds it must be included in the STIP.

A project's inclusion in the STIP is a critical step, but it does not represent an allocation or obligation of funds. Projects supported with federal dollars are only guaranteed funding after the Rhode Island Department of Transportation (RIDOT) or the Rhode Island Public Transit Authority (RIPTA) or the U.S. Department of Transportation (USDOT) reviews the design, financing, and environmental impacts of a project. Project sponsors must work cooperatively with RIDOT, RIPTA, or the federal agencies to guarantee the federal funding identified in the STIP.

## SUMMARY OF FY 2024 OBLIGATED PROJECTS

In FFY 2024, a total of \$554,478,568.53 was obligated to 240 transportation projects in the State of Rhode Island through the Rhode Island Department of Transportation and Rhode Island Public Transit Authority.

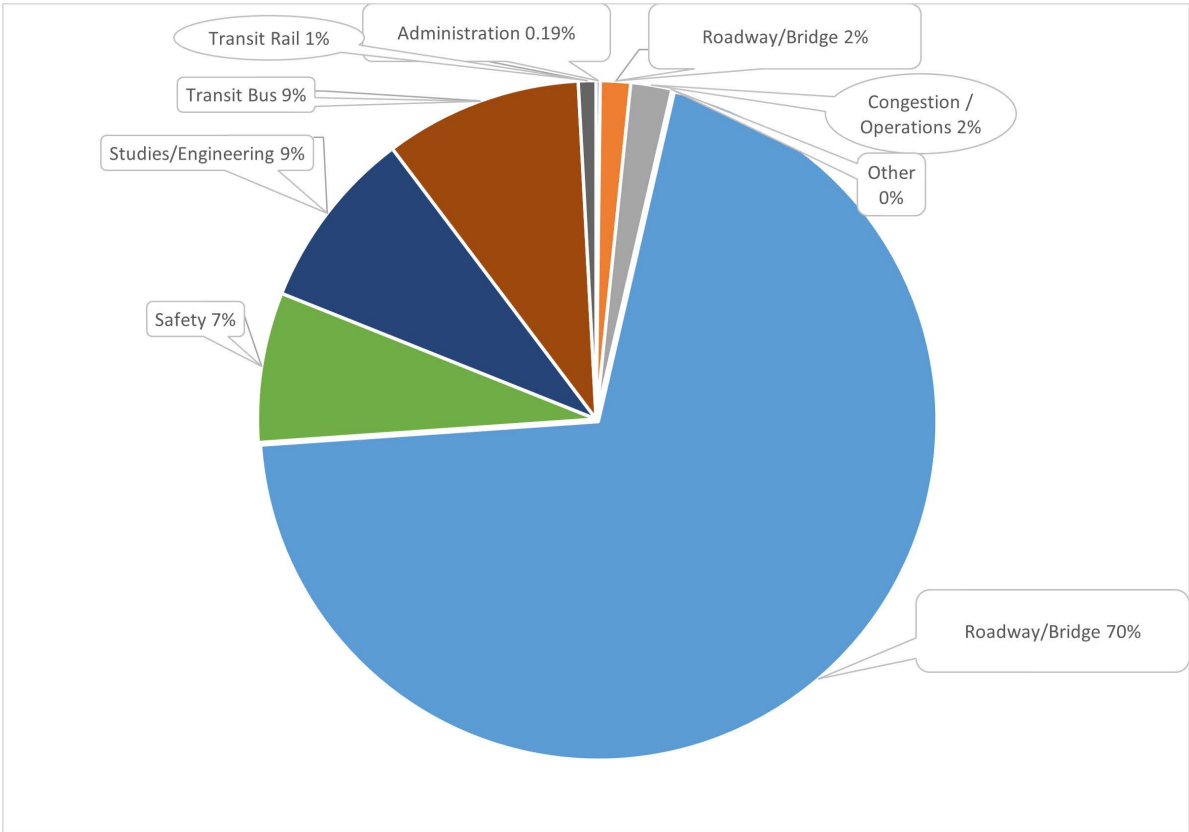

A total of \$502,188,930.53 was obligated to 217 RIDOT projects and \$52,289,638.00 was obligated to 23 RIPTA projects. In FFY 2024, \$10,938,483.49 was deobligated from 53 RIDOT projects. There were a total of 43 new projects, 138 project changes, and 57 projects closed out.

Overall, the most common project type was Roadway/ Bridge making up \$389,748,968.05 or 70.29% of all obligated projects, followed by Transit Bus projects, totaling \$52,289,638.00 or 9.43%, and then Studies / Engineering projects, which made up \$48,072,566.90 or 8.67% of all obligated projects.

**Project Title:** Title of the Project as identified by the Rhode Island Department of Transportation of Rhode Island Public Transit Authority

**STIP:** The name and year of the STIP in which the project was originally programmed

**STIP ID/Page Number:** The unique identifier given to the project in the STIP or its page number reference for projects that do not have ID numbers

**STIP Program:** Project type category in the in the respective STIP to which the project is listed

**Project Type:** How the project is characterized for planning purposes. The projects are broken down as follows:

- Roadway/Bridge: Pavement, Bridge, Drainage, ROW
- Transit Bus: Rolling stock maintenance and replacement, RIPTA operations, service and support
- Transit Rail: Transit Rail (MBTA and/or Amtrak)
- Bicycle / Pedestrian / Enhancement: Bicycle and pedestrian projects, Safe Routes to School, Pier Improvements
- Safety: Safety projects, Signage, Striping, Lighting, Railroad Crossings, Fence, State Traffic Commission
- Studies/Engineering: Engineering projects, On call engineering services, Inspection services, SHRP2 Grants, PILOT Projects, Flood Emergency planning
- Congestion / Operations: Park n Ride lot management, Message Boards, Traffic Management Center (TMC), Congestion Mitigation Operations
- Administration: Small equipment purchases, Education / training, Unified Planning Work Program, Transit Planning Support, Stormwater Plan, State Planning and Research (SPR), Motor Fuel Tax Evasion, Disadvantaged Business Enterprise (DBE) staff, Local Technical Assistance

**Action:** Denotes whether the funds were used for a new project, project change or change order, or project closeout.

**Federal Funds Requested:** The total amount of Federal funds requested in the STIP

**Federal Funds Change:** Federal funds obligated during FFY 2024 (October 1, 2023 - September 30, 2024)

**Previous Year Obligation (2023):** Federal funds obligated during FFY 2023 (October 1, 2022 - September 30, 2023)

**Federal Funding Remaining:** Federal funds remaining for subsequent years.
